Maintenant on va simuler la création d'un quiz

The screenshot shows the 'Créer un quiz' (Create a quiz) page in the Quizz application. At the top, there is a dark blue header with the 'Quizz' logo on the left and a user profile dropdown on the right showing the email 'quizzapp.net@gmail.com'. The main content area has a light gray background and features the title 'Créer un quiz' in a large, bold font. Below the title, there are three input fields: 'Titre' (Title), 'Description', and 'Tags', each with a corresponding text input area.
