Abolition of [slavery](#) in the United States was the result of the Civil War, which was precipitated by the election of Abraham Lincoln, a member of the Republican Party, which opposed the expansion of slavery into the territories. Lincoln's election led to the secession of eleven southern states, which formed the Confederate States of America. The Confederacy fought a war against the United States to preserve slavery and its way of life.

Abolition of a political party is a political party's loss of its political power.

Adam Smith

Adam Smith (1723 – 1790) was a Scottish moral philosopher, a pioneer of political economy, and a key figure during the Scottish Enlightenment. He is best known for two classic works, *The Theory of Moral Sentiments* (1759) and *An Inquiry into the Nature and Causes of the Wealth of Nations* (1776). The latter, usually abbreviated as *The Wealth of Nations*, is the first modern work of economics.

Adam Smith and Invisible Hand (1723–1790) argued in his book *The Wealth of Nations* (1776) that a market economy is directed by an "invisible hand" that leads self-interested individuals to promote the economic well-being of society as a whole.
